ADJACENT TO J59 A1(M)

Forrest Park occupies a strategic position in the North East of England, located prominently on the A167 to the south of Aycliffe Business Park. Junction 59 A1(M) is immediately adjacent to the site and provides access from the north and south.

The estate is located within County Durham. Darlington lies approximately 6 miles to the south east and Durham 13 miles to the north.

Ports including Teesport, Port of Tyne, Hartlepool and Sunderland all within easy reach. Newcastle International Airport and Teesside Airport are both within 30 miles. Darlington Railway Station lies on the East Coast Main Line with direct trains to London King's Cross, Leeds and Edinburgh.

FOR THE PEOPLE

Forrest Park has been designed with employee welfare at the forefront of the development, providing an exceptional environment in which to work.

-  Option for welfare amenity blocks
-  Walkways, green spaces and wildlife walking
-  Internal/external breakout area
-  Drinking water fountains
-  Contribution to gym facilities

FOR THE PLANET

-  EPC A rating
-  LED lighting
-  Natural ventilation
-  Provision for vehicle charging parking
-  Warehouse roof lights to increase natural lighting
-  Reduce cooling, lighting and heating demand
-  High efficiency air source heat pump
-  PV Cells
-  Target BREEAM 'Excellent'
-  Upgraded roof structure to support additional PV cells
-  Ecology corridor for on site habitat creation
-  Optimum performance insulated cladding and roof materials

Barberrry have worked hard to use the latest environmentally friendly technology to minimise the dependency on fossil fuels, help reduce CO2 emissions and the costs of occupation for occupiers.

Our buildings at Forrest Park will be constructed to a market leading specification that will benefit the occupiers using them by reducing occupational costs and fulfilling many of the environmental, social and corporate governance ratings in measuring the sustainability and social impact of buildings. Our buildings acknowledge the key requirements of the Mid – Box industrial and logistics market and indeed exceed them in many areas.
